

Mini Symposium: Innovation and Translational Research in Academia

Phenotypic Screening Platform - Department of Microbiology

Institute of Biomedical Sciences (ICB) – University of São Paulo (USP)
São Paulo, Brazil

Dates: 28 June 2018

Venue: Anf. “Luiz Rachid Trabulsi – ICB III (Av. Prof. Lineu Prestes, 2415, São Paulo)

Registration: goo.gl/a83NY4

Organizing Committee: Dr. Lucio Freitas, Dr. Carolina B. Moraes and Prof. Gabriel Padilla

Event goal: *present cases of success in innovation and applied research in Academic context and introduce the new Phenotypic Screening Platform of the Department of Microbiology – Institute of Biomedical Sciences – University of São Paulo.*

09:00 Opening

Sylvio Roberto Accioly Canuto

Provost of Research – University of Sao Paulo

Innovation at USP

Luís Carlos Sousa Ferreira

Director – Instituto de Ciências Biomédicas, USP

Applied research and innovation in biomedical sciences

Marcia Pinto Alves Mayer

Head – Dept. of Microbiology, Instituto de Ciências Biomédicas, USP

Basic and applied microbiology

09:30 Jorge Guimarães

President – Embrapii, Brazil

The Embrapii model: bridging Academia and Industry in Brazil

09:50 Jorge Kalil

Professor – School of Medical Sciences, USP

Innovation and translational research in vaccines

10:10 Musa Mhlanga

Professor – University of Cape Town, South Africa

Precision oncology

10:30 Lucio Freitas Junior

Coordinator – Phenotypic Screening Platform – Instituto de Ciências Biomédicas, USP

The Phenotypic Screening Platform at USP

10:50 Coffee Break

11:10 Gilles Courtemanche

Director – Antimicrobials Unit – Bioaster, France

Incentives & acknowledgements for sustainable drug discovery consortia

11:30 Eric Chatelain

Head of Drug Discovery - Drugs for Neglected Diseases initiative (DNDi),
Switzerland

Product-development partnerships: the DNDi Model

11:50 Jadel Kratz

Coordinator – Lead Optimization Latin America – Drugs for Neglected Diseases
initiative (DNDi-LA), Brazil

Drug discovery for neglected diseases in Latin America

12:10 Gabriela Barreiro

Preclinical Development Manager – Eurofarma Laboratórios S/A, Brazil

Drug Discovery in one Brazilian Pharma

Organization

In Partnership with

DNDi LATIN AMERICA
